

# WMF 5000 S

Endless specialities. In a flash.

The WMF 5000 S is available with the following milk and steam systems:

## Technical specifications

WMF 5000 S	Easy Milk		Dynamic Milk	
Recommended daily/ max. hourly output*	Up to 250 cups			
Nominal output/ Power supply	2.75– 3.25 kW/ 220–240 V	5.9– 7.1 kW/ 380–415 V	2.75– 3.25 kW/ 220–240 V	5.9– 7.1 kW/ 380–415 V
Hourly output according to DIN 18873-2*	Espresso/2 Espresso 144/220 cups Café Crème/2 Café Crème 112/136 cups Cappuccino/2 Cappuccini 144/220 cups			
Total hot water output per hour	160 cups	180 cups	160 cups	180 cups
Energy loss per day according to DIN 18873-2	1.55 kWh			
Hot milk beverages	✓		✓	
Hot milk foam beverages	✓		✓	
Cold milk beverages	✓		✓	
Cold milk foam beverages	–		✓	
Coffee bean hopper	On the left or right approx. 1100 g, centered approx. 550 g			
Chocolate or topping hopper (optional)	Approx. 1500 g			
Outer dimensions (width/height**/depth)	325/706/590 mm			
Water supply	Mains water			
Empty weight	Approx. 37 kg			
Continuous sound pressure level (LpA)***	< 70 dB(A)			

\* Performance has been determined by a machine with a fixed water supply and is dependent on cup-size, quality settings, discharge, configuration and nominal output. The recommended maximum daily output is based on our catalogued service concept. However, these average values serve merely as a guideline. Let our trained WMF team match the ideal coffee machine design to your specific needs.

\*\* Height including coffee bean hopper and lock (without key).

\*\*\* The A-rated sound pressure level LpA (slow) and LpA (impulse) at service staff work stations is under 70 dB(A) in any operating mode.

Above 5° dKH (water hardness) a WMF water filter must be fitted.

### Dynamic Milk System

Provides hot and cold milk, hot and cold milk foam – fully automated via the beverage spout, without a separate foaming chamber.

#### Milk and steam systems

Rapid hot milk and foam at the touch of a button or the classic way with Auto Steam or Easy Steam.

#### Large, removable, lockable product hoppers

The coffee bean hoppers are dishwasher-proof. Ideal for easy cleaning.

#### Small-Medium-Large Functions

Each desired beverage is simply matched to the various predefined filling volumes.

#### SteamJet/Steam shower

Brings every cup to the correct temperature in a matter of seconds – for the finest quality coffee.

#### Slim by design

Taking up less room thanks to its exceptionally sleek dimensions. This provides more installation options for the machine, as well as possible add-on combinations.

#### Durability

Robust components, such as the heavy-duty brewer and a high performance pump, ensure a long service life and peak performance.
